

TITLE 329 SOLID WASTE MANAGEMENT DIVISION

Rule Information Sheet

Underground Storage Tank Revisions
LSA Document #20-25

Overview

This rulemaking amends and repeals a large portion of 329 IAC 9. The provisions being repealed are largely more stringent as compared to their federal counterparts. Accordingly, the rule is also incorporating by reference additional provisions of the Code of Federal Regulations (CFR) to replace the provisions being repealed. The rulemaking also specifies the information required from underground storage tank owners and operators when registering a new underground storage tank or notifying the department of changes at their facilities.

Affected Persons

This rulemaking will affect underground storage tank owners and operators.

Reasons for the Rule

The overall goal of this rulemaking is to reduce regulatory burdens on underground storage tank owners and operators and provide parity with the CFR.

Economic Impact of the Rule

There will be a slight positive economic impact as this rule will remove certain record keeping and reporting requirements that are required by Indiana's state-specific rules. These requirements will be repealed and replaced by incorporating the CFR.

Scheduled Board Action and Hearings

First Public Hearing: November 9, 2022 at the Indiana Government Center South, 10 North Senate Avenue, Conference Room A, Indianapolis, Indiana.

The public may attend the ERB meeting in person or join by using the following Zoom link, meeting ID, and passcode, or telephone numbers that can be found prior to the meeting at: <https://events.in.gov/idem>.
